Signature of person mailing paper

WARNING: Certificate of mailing (first class) or facsimile transmission procedures of 37 C.F.R. 1.8 cannot be
used to obtain a date of mailing or transmission for this correspondence.

***WARNING:** Each paper or fee filed by "Express Mail" **must** have the number of the "Express Mail" mailing label
placed thereon prior to mailing. 37 C.F.R. 1.10(b).

"Since the filing of correspondence under § 1.10 without the Express Mail mailing label thereon
is an oversight that can be avoided by the exercise of reasonable care, requests for waiver of this
requirement will **not** be granted on petition." Notice of Oct. 24, 1996, 60 Fed. Reg. 56,439, at 56,442.

CANCEL CLAIMS 8 TO 10

11. A method of producing printable signage material for application to a transparent surface, said method comprising:

- (a) providing a plastic substrate having opposite first and second surfaces, said first surface being light colored and said second surface being dark colored;
- (b) applying an ink encapsulating ink receptive coating to said first surface; and
- (c) perforating said substrate to provide see through visibility when viewed from said second surface.

12. The method of Claim 11 wherein said substrate is selected from the group consisting of polyester, vinyl and polyolefin films.

13. The method of Claim 11 wherein said coating is selected from the group consisting clays, gels, resins and latex combination coatings.

14. The method of Claim 11 including the additional step of applying an adhesive and release liner to said second surface.

15. The method of Claim 11 wherein an image is applied to the first surface by ink jet application.
